DISCLOSURE FLORIDA FUNERAL LAW

I/We hereby acknowledge receipt of an itemized general price list showing the retail prices of our services and a full range of the retail prices of our merchandise. Such lists include a statement that the customer may choose only the items he/she desires, or items which are required by law, and that he/she will only be charged for the items purchased.

I/we also acknowledge that I/we were shown a casket/container price list specifying the retail prices and description of the merchandise that is available for us to choose.

I/we also acknowledge that the following embalming disclosure was read to me/us.

Embalming is not required in the state of Florida. However, if we are sending human remains by common carrier, plane, train or ship, then the federal law prevails. Federal law gives you a choice: (1) If you select embalming, then only a casket is required, (2) If you do not wish to embalm for religious or personal reasons, then we must refrigerate and use a special inner liner along with the casket for public health safety.

I/we also acknowledge that if the death should occur before the preneed contract is paid in full, the balance of the deceased contract should be PAID IN FULL.
